Reminders About Artificial Intelligence

- Understand its Nature ... what Is and Is Not
- Who is your audience (self, novice, intermed, expert/Cadre)
- Select a Platform or two; focus, learn best how (get a plus subscription)
- Use Cheat Sheet ... Converse ... Broaden/Deepen, Probe, Push – Outcome?
- Expand how AI helps you - think, work, imagine & grow as Ambassador
- Caution ... Restraint ... Verify ... add the Human Voice (yours)
- Self-Study, Practice, Learn more, Expand
- Use AI to help you Use AI better

- ... ask *"What would Stew do?"*

- Self-study – improve skills, knowledge, champion-qualities
- Engage – they're aware, want to help, on task
- Persuade – club/dist/zone leaders, project leads, NGOs/implementers. *RGOs?*
- District or Global Grant assistance – answer Qs well, pull info in
- Subject Matter advice (WaSH) – preliminary (unless you are an expert)
- Turn your Network into WASH Champions!
- Types of output: messages, summaries, research (deep?), diagrams, audio/podcast, video/presentation, poem, humor – *whatever you want!*

- *Cautions: use Restraint, Verify, include human voices of parties*

Prompt & Conversation Examples

- Simple vs Complete vs Well-Developed
- Helped by AI (for itself or other AI)
- AI should greatly expand what you do … faster, better, cheaper

WASH Project Key Questions

- Partners? Other Funders? Roles for Rotary/Rotaract?

- Is the project Ready for a GG?

- How to Find Implementing Partners …

- Identify & Engage Government Agents as Partners …

- Find Funders – RC, DDF, CSR, Foundations, Wealthy (Donors, Families), Others?

- What parts of Project can Rotary/Rotaract members Do? Manage? Advocate?

- When to involve WASH-RAG? Cadre?

NotebookLM – a Learning Environment

- LLMs (chatbots) search *any info* … may treat all as valid, yet it's not

- You want knowledge that's credible, reliable … a contained environment

- NotebookLM is that – you choose good sources, it does the AI work and presents it … and you chat – *within known sources; with source links*

- NLM provides many ways to "learn the material": summaries, briefs, messages, audio & video explainers, debate and more (improving monthly)

- Links by Stew to: all Rotary GG docs, all 7 AoFocus Guidelines
  - a Volunteer to pull all relevant Learning Center into Word/PDF?

- Demonstrations …

- *Human Voices* … always read, modify, add yours or expert advice

Other Platforms & Extensions

- Majors – ChatGPT, Gemini, Perplexity, Claude; NotebookLM (I avoid Grok, DeepSeek)
- Front Ends … Aggregators
- Google Alerts – standing searches, comes to email
- Ask AI to give you AI news (cater to your interests)
- Language tools - learning, translating, speaking (live)
- AgenticAI, Assistants, Code-writers, Image & Video creators
- AI Browsers – Comet (Perplex), Gemini+Chrome

- *Note: these may be helpful for you; it's not an attempt to explain AI marketplace*

What else to know …
so you can self-learn A.I.?

WASH Project in LMIC – What to Ask? Make it Full-Fledged

- What do Rotarians most want/need to know, to start Design, Plan, Budget?

- Primary Team, guided by Cadre, should consider:

- • Recent & Past History?

- • Assets, Needs?

- • Players … Doers, Funders

- • Culture, Practices

- • Women's Roles & Opportunities

- • Aptitude to Learn, Change, Grow?

Tell The Stories

- Tell the stories you know, you hear … or AI assists

- How to make WASH stories touch …
- • a funny bone?
- • the heart?
- • the pocketbook?

- Methods:
- • Prose, Poetry, an Image – Demo Prose
- • The heart-warming story of a young girl in rural Nigeria - Demo
